

## List of Contents for your Sewing Basket or more appropriately - TOOL BOX

Have you ever been to a sewing class and realised that you have forgotten some notions that you "desperately need". Ever looked over at that incredibly organised person that seems to have absolutely everything that one would need in a class. Would you like to be that person? Here's a list to help you - you may not use some of the things mentioned but have others you can't do without. It's a starting point.
